Model Home Grand Opening Saturday March 10th

Great news: two spectacular model homes are being unveiled on Saturday, March 10th. There's no better way to get a first hand sense of the craftsmanship and quality built into every home at The Orchard at Craigleith than by viewing our product first hand.

The *Panorama* is a stunning 3,113 square foot detached home located on Lot 24. This luxury chalet features a 4 bedroom plan on the interior and gorgeous post and beam accents and covered porches on the exterior.

The 2,721 square foot *Blackcomb* on Lot 128 is a beautiful semi-detached home that was designed for maximum enjoyment. As with many of the homes at The Orchard at Craigleith, the Blackcomb has a ski room specifically designed with the skier in mind.

We are especially proud of both the designs and the luxury amenities these new homes have to offer. Both model homes feature soaring ceilings, outstanding appointments, and meticulous attention to every detail. They have also been designed to blend into the magnificent hillside surroundings.

We invite everyone to drop by the Grand Opening on Saturday, March 10th from noon to 6pm. Model Homes will also be open for the duration of March break, so plan your visit today. Our staff will be more than happy to walk you through the various features and floor plans we have available, and show you how you can be a part of this charming master planned community.

Homeowners thrilled with purchase decision

Closings are well underway and homeowners are thrilled with the results:

“Irv and Russ, you should be proud of yourself and proud of your team because you really are building a series of custom homes. As the first residents, when we are alone at night we look out of our many windows and see silhouettes of the many homes in various stages of construction. We can just imagine what a wonderful and diverse architectural community this will be. The various combinations of homes add to the unique nature of The Orchard ... We are thrilled to be able to say we are residents of this very successful project and we are so happy that we invested with MacPherson Builders - thanks again for a job well done.”

-Gail and Paul McGregor, The Sugarbush 'B', Lot 123

Exclusive Event for The Orchard's Final Release

A great crowd braved the cold and wind to attend the exclusive event on February 22, 2007. Guests enjoyed an evening of fine food while learning about the many benefits of owning at The Orchard at Craigeleith. Many were impressed with the ski in/ski out aspect and proximity to the Craigeleith Ski Club. Others were enthusiastic about the homes' award winning designs and all the activities the area has to offer in all four seasons.

Needless to say, there was great excitement for this one-of-a-kind project with many of the guests making plans to bring their families to the grand opening of the Model Homes on March 10, 2007.
